INFORMATION BULLETIN

Issue # 2022-009-1

April 11, 2022

TO: MHA Membership
FROM: Jim Humphrey, VIAHA President
COPY: Chris Canuel, North Island Officiating Lead
Jason Syrotuck, South Island Officiating Lead
SUBJECT: Referee/Lineperson Compensation

At the VIAHA Executive Committee meeting of April 10, 2022 there were two motions passed with respect to compensation for referees and linespersons.

The first motion was that a new rate of compensation was adopted for referees and linespersons for both Island League and recreational leagues. A chart with these new rates is attached and a copy will be inserted in the policy manual and on the VIAHA website. The new rates will become effective at the beginning of the 2022-2023 season.

The second motion was that all MHAs will use the same compensation scale for their recreational leagues.

The Executive Committee also agreed that in future the rates of compensation will be a standard agenda item for the January Executive Committee Meeting. The Officiating Leads will present their recommendations on compensation changes to the VIAHA Executive Director no later than December 15 of each year, the recommendations will be distributed to the Executive Committee members for discussion and debate at the MHA level and changes, if any, will be decided by the Executive Committee at the January Meeting to become effective at the beginning of the following season.

Yours sincerely,

Jim Humphrey, VIAHA President
